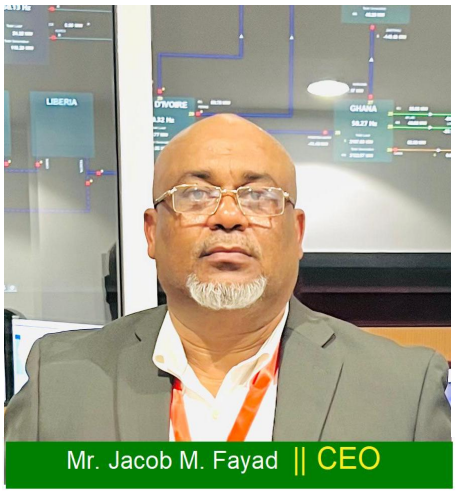
1. ABOUT US

JLN Construction is a premier construction company based in Baltimore, USA, with a significant presence in Liberia since 2017. With over 27 years of exceptional experience, we bring an unparalleled track record of success across both the United States and Liberia. Our commitment to excellence, dynamic approach, and unwavering dedication ensure that we consistently meet and exceed our clients' project delivery expectations, no matter the challenge.



Mr. Jacob M. Fayad || CEO

Headquartered in Central Monrovia, Liberia, we continue to expand our influence through strategic planning, attention to detail, and the resolute execution of projects for NGOs, international and local institutions, and the Government of Liberia.

At JLN, we serve as a one-stop-shop for all construction-related needs. We provide a single point of contact to manage engineering designs, project management, environmental management, and both vertical and horizontal construction services. Whether we're leading projects as a prime contractor or supporting complex initiatives as a subcontractor, our team's expertise spans from simple construction projects to highly intricate and cost-intensive undertakings.

Our experienced personnel specialize in design, design-build, and build-only projects. By combining our expertise with a commitment to superior execution, JLN Construction continues to lead with integrity, reliability, and a focus on delivering exceptional results.

2. WHY JLN

JLN understands the extreme importance of interface management and ensure effective communication at all project levels. Depending on our role, we can provide our clients with a full design & build service, adding design development and value engineering to our range of services. We have particular strengths in quickly understanding the vision of the project, developing the most time & cost efficient methodology so that we can offer our clients the best complete package. Above all, we are determined to become a top-class firm by developing into a total solution provider that uses experiences accumulated from various projects around Liberia to develop and provide value to our customers.

JLN has performed services as a General Contractor, Joint Venture Partner, Teaming Partner, Mentor Protégé as well as a Consultant on projects funded by international agencies in Liberia (USAID, ADB, World Bank, etc.) and the Government of Liberia, placing key emphasis on the quality and diligence of our services and works to satisfy our clients.
